FALL SPECIAL

To help you make your remodeling dreams come true and to keep our fine crew working during these uncertain economic times we are offering a fall remodeling special; see the attached flier for more detail.

JOB of the SEASON: THE RICHER HOME

**Out with the old and create something new –
Kitchen, dining room and sunroom too**

What do you do with a fashionable 1960's custom built home that doesn't function for today's style of living? Give it a new millennium custom kitchen and dining room that feels like a sunroom at breakfast, a side walk bistro for lunch and an elegant gourmet restaurant for dinner.

We've all seen them, the houses of the 60's with the tight efficient spaces that served well then, but today's living demands something very different. This paradigm shift to the open inclusiveness of bigger spaces and increased interior sight lines allows the deserving kitchen staff (you know who you are) to be included in the ongoing living and entertaining center of the home, the new "Kitchen/Dining Room Complex."

The Richter home is a great example of our creative and diligent design process which in this transformation moved three major spaces to new locations (kitchen, dining room and utility) creating "That Space" so appreciated by this century's families. Custom cabinets, quartz counters, hardwood floors and custom windows are just part of the extensive improvements.

Also included are a remodeled master bath and closet and wonderful utility and walk-in pantry, making this even more than the sum of its parts.

THANK YOU T SQUARE!

We would like to take the time to thank Patrick Bachmeier as our Project Manager and Tamme Racine, Designer, for the excellent job in handling the unexpected remodel of our kitchen after water damage.

These two team players made it possible for us to endure the aches and pains of a remodel that became extended in time due to the challenges they faced with the problems from the previous remodel on our house years ago. Patrick and Tamme were always positive, understanding, supportive, and helpful with all the challenges.

Thank you Patrick and Tamme for making a job that could have been very disastrous and frustrating into an endurable and positive experience. With your help, our kitchen is beautiful and teenager proof (if there is such a thing)! Because of you two we made it through! We all love you both!

-Lisa Pickett-Stuart and Annett Vavold

Thanks Rich and Rick for the great job! We love the results!
